

**Dutchess BOCES Adult Learning Institute (ALI)**  
in collaboration with  
**Dutchess County Department of Health**

**One-Day EPA Certification Class**  
**Lead Safety for Remodeling, Repair and Painting**

Dutchess BOCES Adult Learning Institute (ALI) in collaboration with the Dutchess County Department of Health is pleased to offer a one-day EPA certification class for *Lead Safety for Remodeling, Repair and Painting (RRP)*.

Effective April 22, 2010, The US Environmental Protection Agency (EPA) requires that all *landlords, contractors, property management firms, or handymen* who do renovation, remodeling or painting work, in pre-1978 housing or child occupied facilities, complete the RRP training. At least one individual doing the work from those groups must complete the RRP training. That individual is then responsible for insuring that other employees on site are trained in lead safe work practices and that these practices are in use when and where appropriate.

Individuals attending RRP training will have their picture taken as part of EPA's certification process. Certifications will be mailed to attendees.

If you have questions as to whether you or your company need this training, please visit the Dutchess County Health Department Web site at <http://www.co.dutchess.ny.us/CountyGov/Departments/Health/HDIndex.htm> and click on the green "Wipe Out Lead" box.
