**INSTRUCTIONS FOR COMPLETING PRINT SHOP JOB ORDER FORM**

- **USE ONE JOB ORDER FORM PER PRINT JOB**
- **ALWAYS SEND A SAMPLE OF THE JOB (no staples) WITH THE JOB ORDER FORM**
- **FILL OUT AS MUCH INFORMATION AS POSSIBLE, OR CALL US FOR ASSISTANCE**

**ITEM**

Give the job you send a name so it can be referred to with understanding between you and the Print Shop.

**New Item**

Is it something we’ve never done before? If so, under “New Item” check the appropriate boxes.

If you are providing digital files, tell us what type of files they are and how we are going to receive those files.

*Any job that has to be typeset or changed will be proofed and must be approved by you before it is printed. You will receive by fax, email or courier a copy of the proof and a Fax Proof Sheet that MUST BE SIGNED BEFORE WE PROCEED WITH THE JOB. YOU WILL NOT RECEIVE A PROOF unless it is a job we have typeset, has changes, or a proof is requested by you under the “Special Instructions” box.*

**Repeat Item**

“Repeat - sample attached” means no changes. You will not get a proof, the job goes directly into production.

Have we printed it before but you want something changed? Then please check “Repeat with Changes” and show the changes on the sample in red ink. You will receive a proof, so please indicate your email address.

**Quantity**

What is the total quantity of pieces you want? **Example:** “1 box” is not a quantity.

Number of pages? Count each page (sides not sheets). Do you want it printed 1-sided, 2-sided or a combination of both? Also count pages designated to be blank. Does your count include inside and outside covers?

**# of Lots**

Different pieces with the same paper, quantity and binding can be included on a single Job Order Form. Each lot may have different numbers of pages from one another. Indicate the number of lots you have.

**Size**

Please give us both flat and finished measurements in inches. Example: you have a saddle-stitched booklet that measures 8 1/2” x 11” finished. This makes your flat size 11” x 17” because when your booklet is opened flat that’s the size of the sheet of paper.

**Paper**

Inside Pages of a booklet are generally (but not necessarily) a lighter text weight paper and Cover Pages are generally heavier stock. Text Stock is generally thought of as copier paper. Cover Stock would be like the thickness of an index card or business card. **Specify a color for the paper(s) or it will be printed on white 20# bond paper.**

**Ink**

Specify the color of ink you want printed if it’s a single color, or check color copy if it’s full color, and if you want it printed on 1 or 2 sides of the item. **You must specify the ink color or it will be printed with black ink.**
